UI/UX Testing – Functional UI report

Objective

Verify that every **interactive UI component** (buttons, forms, links, and navigation menus) on the Fixly platform performs its intended function without error or mis-routing.

Key Areas Tested

- Login/Sign-Up
- Home Navigation Bar
- Service Selection Flow
- Provider Registration
- Booking System
- Profile Editing
- Admin Panel Interactions

Overall test: 19/19 Passed

General Comment: ✓ 100% Functional Success

Observations & Suggestions

- Add loading indicator for longer API calls in the booking process.
- Maintain the same button style for provider and admin dashboards.
- Continue using toast confirmation messages for form submissions.
